

## AFSI Tactical Backpack

### Cable Deployment Backpack System

\*\*Divider Disk - Optional\*\*

**Amphenol Fiber Systems International (AFSI) now offers the cable deployment backpack system.**

The AFSI backpack system allows rapid deployment of optical cable in all environments. The lightweight frame incorporates a 3-flange reel system allowing only the cable needed to be deployed as both ends are accessible. During storage, the cable ends can be shielded in this area. The frame also serves as a stand so ground operation can also be achieved. Another added feature is the use of the *reusable connector restraint straps* which give another added benefit by protecting and securing the connectors regardless of position after cable recovery.

### Applications:

- Military Tactical Deployments
- Exploration
- Emergency Deployable Communications
- Broadcast

Feature	Benefit
<b>Lightweight</b>	5kg without cable
<b>Capacity</b>	500M of Ø5.5mm Tactical cable
<b>Colors</b>	Black - Other color options available
<b>Adjustable Straps</b>	Operational Comfort
<b>Reel Stand</b>	Ground Deployment
<b>Winding Handle</b>	Rapid Retrieval
<b>3 Flange Reel</b>	Connector Protection/ Storage
<b>Optional Transit Case</b>	Easy Storage
<b>Dimensions</b>	440x480x445mm (H x W x D)

### **How to Order:**

For more information on how to order or to obtain a price quote on any of our backpacks, reels, transit cases or other related products, please call us at 800-472-4225. For international calls please dial 214-547-2400 or e-mail us at [info@fibersystems.com](mailto:info@fibersystems.com).

### **About Amphenol Fiber Systems International:**

Amphenol Fiber Systems International (AFSI) designs, manufactures, markets and supports reliable and innovative fiber optic interconnect solutions that withstand the harsh environments of military, oil & gas, mining and broadcast applications. After more than two decades in business, AFSI continues to uphold its position as a global leader in fiber optic interconnect components and systems such as termini, M28876, MIL-ST, TFOCA and the TFOCA-II® connector, which AFSI developed and patented.

AFSI has delivered millions of fiber optic connectors in more than 34 countries. Whenever there is a need for superior, cost-effective fiber optic systems and products that will stand up to demanding operating environments, you can rely on AFSI for engineering know-how, top-quality products and expert technical support.
